

++ Market	6
European key manufacturers — Both sides of the medal	8
<i>Author: A. Meyer</i>	
Bread flavor — The Bread Flavor Wheel... the key to speaking the same language as your customers!	14
<i>Authors: M. Kleinert, S. Cook</i>	
++ Production	22
Baguette — Traditional baguettes made using automated processing methods	24
<i>Author: H. Chiron</i>	
Toast bread — The rise and rise of the sandwich loaf	34
<i>Authors: L. Young, S. Cauvain</i>	
Brioche — The taste of France on Sunday	38
<i>Author: A. Launois</i>	
Microwave & vacuum baking — A new kind of baking	46
Dough development — On the track of dough development	50
<i>Author: Dr. B. Noll</i>	
Rye bread — Bread technologies using rye flour in Russian bakeries	60
<i>Author: L.I. Kuznetsova</i>	
Borodinski — Russian bakery tradition	66
Steamed bread — Traditional Chinese bread	70
<i>Author: R. Chung</i>	
Hygiene — Increasing awareness	80
Bread recycling — Energy from recycled products	84
++ Ingredients	86
Wholemeal — National and international definitions of “wholemeal”	88
<i>Author: Prof. Dr. M. G. Lindhauer</i>	
Enzymes — Nature’s own catalysts	92
<i>Authors: B. Kornbrust, D. Cowan</i>	
Wheat pre-dough — Product optimization by modern technology	96
<i>Author: Dr. T. Zense</i>	
Fermentation — The natural way to the finest bread taste	162
<i>Authors: E. BÖCKER GmbH & Co. KG</i>	
Grape seed flour — Functionality from seeds	106
++ Research & Science	108
Dough density — Dough density determination using ultrasound	110
<i>Authors: H. Elfawakhry, M. Beck, M. Jekle, M.A. Hussein, T. Becker</i>	

Ropiness — Ropiness in bread – is early detection possible?	116
<i>Authors: J. Huber, S. Freimüller-Leischfeld, R. Kuhn, M. Kleinert, C. Gantenbein-Demarchi</i>	
Nanobak project — Aerosol aided air conditioning in bakeries	122
<i>Authors: Prof. Dr. K. Lösche, S. Guttman, J. Schulz</i>	
Particle charge detection — Characterization of milled grain products	130
<i>Authors: J. Schick, Prof. Dr. K. Lösche</i>	
Simulation — Higher efficiency	140
<i>Author: C. Hermann</i>	
++ Company reports	146
Bühler AG — Solutions satisfying stringent requirements	148
Burford Corp — High performance helpers	150
Capway Companies — CapRack, the new way of cooling for high capacity pan-bread lines	154
Cetravac AG — Way to sustainability	156
Ernst BÖCKER GmbH & Co. KG — 100 years – BÖCKER Reinzucht-Sauerteig	160
Esteve S.A.S. — Perfect automation	164
FRITSCH GmbH — German-Italian bread with Swiss roots	166
GBT GmbH — New horizons	170
Heinen Freezing GmbH & Co. KG — Active bread cooling	174
Heuft Thermo-Oel GmbH & Co. KG — Compatible with growth	176
IsernHäger GmbH & Co. KG — Pre-dough technology – the heart of modern baking practice	180
Kaak Group — New possibilities	184
König Maschinen GmbH — Welcome to the baker's crown!	188
